

Charging Policy

Contextual Introduction

Pupils who are admitted to units and wards within the Southampton Hospital site are all consultant referred. As soon as young people are deemed well enough to receive education, they are offered tuition either at bedside or in a classroom. No charge is made for teaching received or for any books or resources.

School Trips

School trips are offered as part of the curriculum during school hours and all pupils who are well enough to participate are included.

Medical Outreach Service

Schools are offered a medical outreach service for those pupils who are unable to attend school due to health issues. Following receipt of medical evidence from a General Practitioner or Consultant, a tutor will be allocated and the Home School charged at a rate of £115 per week for Primary aged pupils and £140 for Secondary. Pupil Premium will also be calculated where this is appropriate.
